EDUCATION

B.Sc Computer Science

Nile University of Nigeria

2023 to 2027 (Expected)

Year 3 of 4

Adegbola Anjolaloluwa Samuel

Frontend Developer · React · Next.js · TypeScript

PROFILE

Motivated Frontend Developer currently contributing to two live products, Consultifycare and Stackle Vest, while building a fashion e-commerce platform independently. Experienced in crafting responsive, user-focused interfaces with React, Next.js, and TypeScript, as well as testing applications and catching bugs to ensure quality before release. An eager learner who embraces new tools, feedback, and challenges with a growth mindset, always looking to improve both skills and craft.

WORK EXPERIENCE

Frontend Developer | Consultifycare

2024 to Present (Current Role)

- Built and maintained responsive UI components and layouts using React.js and TypeScript
- Integrated REST APIs to power dynamic, data-driven interfaces
- Tested application features end-to-end, identifying and reproducing bugs to support fast resolution
- Collaborated with designers and backend engineers to deliver seamless user experiences
- Ensured cross-browser compatibility and mobile-first responsiveness across all features
- Continuously learning new patterns and best practices to write better, more scalable code

Frontend Developer | Stackle Vest

2023 to Present (Current Role)

- Develop and ship frontend features for the company's web platform using modern JavaScript and React
- Work closely with the product team to translate wireframes and mockups into functional, polished UI
- Conduct thorough testing of application features, identifying and reporting UI bugs before they reach production
- Debug and resolve frontend issues across browsers and devices to maintain a smooth user experience
- Maintain clean, readable, and reusable code across the codebase

PROJECTS

TVIMBLE Fashion E-commerce Platform

In Development · Next.js · TypeScript · Tailwind CSS

- Independently designing and building a full-featured fashion e-commerce platform from scratch
- Implementing product listings, filtering, cart system, and checkout flows
- Prioritising responsive design, performance, and accessibility across all device sizes

Personal Portfolio anjolaoluwa.dev

Next.js · TypeScript · Tailwind CSS

- Designed and developed a personal portfolio to showcase projects and professional experience
- Optimised for SEO, Core Web Vitals, and responsive display across all screen sizes
- Reflects strong attention to detail in both design aesthetics and code quality
